"If you your lips

Of these five things beware:
Of whom you speak,
To whom you speak,

Ronald Toft was up from Port Huron the first of the week. Prosecuting Attorney Henry R. Baird and Thos. H. George, of Port Huron, were in Yale Thursday last on business.

A letter addressed to Mr. and Mrs. F. G. Vincent is the only one in the Yale postoffice Monday morning uncalled for.

Mr. and Mrs. E. B. Turner, of Salmon Arm, B. C., and Mrs. E. Brown, of Courtright, Ont., are guests of Dr. and Mrs. B. Clynne.

Nellie Fogg, who has been visiting in Toronto for the past two months left there Friday night for Wallard, Sask., to spend the summer with friends.

The St. Patrick's Day dance on Friday evening in the Auditorium was a big success. A splendid big crowd and the best of music from Hutton's 6-piece orchestra.

Ten young friends of Elston Jones helped him celebrate his birthday on Tuesday, March 21. Lunch was served and a good time was enjoyed by all. In the evening the party adjourned and attended the movie theatre.

And how, and when and where." Mr. and Mrs. Edward Andreane arrived home on Saturday last from their four weeks' tour of the Southern states. They report a fine time with the exception of several days which Mr. Andreane spent nursing the "flu."

Roswell Green, of North Branch was in Yale Monday and made the Expositor a friendly call. Roswell is proprietor of the North Branch Electric Light Plant and is meeting with success which all his Yale friends will be pleased to learn.

The Port Huron Times-Herald issued a 22-page edition on Tuesday of this week, exploiting Port Huron and its industries, its prominent, industrial personages, etc., throughout ten pages of the twenty-two, in honor of the Industrial Exhibition being held there this week.

Nora McMullen met with an accident at the Yale Woolen Mills the first of the week whereby one ear was partly torn off, collar bone broken and one tooth knocked out. It seems she was cleaning one of the machines while it was running. She will no doubt be laid up for some time.

O. R. Broman, superintendent of the Michigan Canned Food Co. plant in this city for the past year, expects to leave this week for Randolph, Wis., to accept a similar position in a canning factory. Mr. Broman has made many friends during his residence here, all of whom wish him every success in his new position.

After a full week of beautiful weather March shows her rough side again, starting in with rain Saturday night and Sunday morning appears with icy streets and ice covered branches. Monday comes with snow and a heavy gale which keeps up all day and all day Tuesday. The atmosphere is not so cold but the weather has been very disagreeable. However, we feel that we are very fortunate compared with Northern Michigan section, which has been the scene of two devastating ice storms.

James McCaren, secretary and treasurer of the Clark & McCaren Company, wholesale grocers, of Port Huron, writes the Expositor that through the solicitation of a number of his personal friends throughout the district he has decided to become a candidate for Congress on the Republican ticket at the coming primaries. Mr. McCaren is pretty well known in the seventh congressional district and is conversant with the industrial business and other needs of each and every county comprising the district, and should he be nominated and elected would, no doubt, do his utmost to represent the district at Washington well.

The revised schedule for the Pere Marquette on all divisions has been in effect all this week. We don't know how the Port Austin, Port Hope and Almont division people like what they get, but on the Saginaw division it's a bit worse than the first change. Now we can go to Port Huron in the evening, business hours are over. We can stay all night and return in the morning before business hours are open. We are afraid Port Huron people will miss many a familiar face from up this way, until auto travel is good, unless the railroad will put an accommodation on some of the numerous freight trains running continually both ways.

Mrs. Oscar Denison and children spent Sunday with Marine City relatives.

Charlotte Horstman, of the Yale Woolen Mill office force, spent the week-end at her home in Mayville.

Helen Ruh, who went to Port Huron on Saturday missed the afternoon train back and was obliged to remain over Sunday.

"40" HAS PLAYED CURIOUS PART.

The 40 days of Lent recalls the very curious part that 40 has played in the world's traditions and customs. The Deluge in the Bible lasted 40 days and 40 nights; the Israelites wandered 40 years in the desert. Members of the English Parliament cannot be arrested for 40 days after every prorogation or 40 days before a new Parliament convenes. The time-honored sanitary quarantine is 40 days. Luther said a man had to live 40 years before he could decide whether he was a fool. "Fair, fat and 40" is one of our most familiar proverbs. Forty stripes was the rule in Jewish castigation. At 40 a man is supposed to change his entire physical self. But why 40? No one has ever been able to answer.

OVERDRAWING YOUR BANK ACCOUNT IS NOW A FELONY

Checks are frequently drawn on bank, when those who draw them have no funds left on deposit in their checking account. Writing such checks is made a felony by an act of the Michigan legislature and has been in effect since August 14, 1919. The offense is punishable by "imprisonment for not more than one year or by a fine of not more than \$1,000 or both such fine and imprisonment."

Presentation of such a check at a bank "shall be prima facie evidence of intent to defraud;" provided such maker or drawer shall not have paid to draw thereof the amount thereon, together with all costs, and protest fees, within five days after receiving notice that such check, draft or order has not been paid by the bank.

It is believed that many persons are ignorant of this law and the state clearing house associations are putting forth an effort to make the law known to depositors in every bank in the state.

Banks cannot afford to permit depositors to overdraw their account and the law making such practice a felony will be enforced throughout banks in the state.

PLAY BALL!

That crowd you saw flocking around our store the other day was the base ball fans breaking through the lines to inspect our new spring line of Base Ball goods.

"Dutch" Hallman says we have a pretty nifty line of gloves, bats, balls and all other equipment which is needed for the game. When "Dutch" tells you this, boys, you can make up your mind that we have, because he knows what he is talking about.

School clubs should see us if they are contemplating the purchase of new equipment this year, as we can save you money and still make some for ourselves.

The robins are back and a lot of other things have happened to make us think that the summer time is approaching near and with it there is always the desire for clean, athletic sports. Harding & Hallman's base ball display also is another prime evidence of
